## Kite, Robin

**From:** Boardman, Kristina  
**Sent:** Tuesday, January 06, 2004 2:38 PM  
**To:** Kite, Robin  
**Cc:** Letzing, Rachel  
**Subject:** Amendment to AB 629

Robin:

Representative Ainsworth would like to request an amendment to AB 629 (LRB2755/1).

The DNR has recommended the following language substitution:

Replace the new (underlined) language on page 2, lines 12-14 with:

"The initial 15 year plan shall be completed by December 31, 2005 and shall remain in effect until revised. Revisions shall occur on 15 year intervals."

This language would address the DNR's concerns regarding an effective date - as well as keeping the previous plan in effect until the new one is submitted (should the county forest land use plan be filed late). However, for plans that are due on December 31, 2005 - but are not submitted by that date, additional language would also be needed to ensure that the previous plan remains in effect until the new plan is filed.

If you have any additional questions regarding this amendment, please feel free to contact Rachel Letzing at Legislative Council. She is familiar with the DNR's concerns - as presented at the public hearing.

Thank you in advance for you help.

*Per Rachel Letzing:*

*Issues -*

- All new 15 year plans must be completed by 12/31/05*
- If a 15 year plan expires before a new one takes effect, the previous plan remains in effect*
- Rachel thinks that DNR probably wants the draft to provide that if a 10 year plan expires before a 15 year plan takes effect, then the 10 year plan remains in effect until the 15 year plan takes effect*

Ms. Kite:

Please find enclosed the stripes for AA LRBA1912/1 to AB 629. Based on communication with the DNR, we would like to request a "slash 2" of this amendment, making the following change:

Line 7 and 8 of the amendment:  
strike "for a new 15-year period"

DNR feels that it might be interpreted that a new 15-year period would take effect from the time the plan was revised, rather than on the normal 15-year cycle. It is important that the 15-year cycles remain the same for each Forest.

If you have any questions regarding this change to the amendment, please let me know.

Thank you.
